

## Baby Sessions

**Belly Session:** Maternity portraits done very tastefully and privately. We encourage you to bring your husband and any older children (with someone to care for them while you are being photographed.) Your belly session should be done as soon as your belly extends past your breasts, usually 7 to 8 months. \$50 session fee

**The Miniature Perfection Session:** Normally done before 4 weeks of age, this session captures all of those tiny details of your newborn. We prefer to have Mom and Dad involved so that we can capture the wonder of these new relationships. This session is so much fun that I always do these sessions at half price, so only \$25.

**Sitting Up:** At 8 months, your baby is sitting up and beginning to move around. We want to keep these special memories as they begin to explore the world around them. Usually your child won't be afraid of strangers yet, so this is a good time to do a mid-first year portrait. If you didn't do a formal family portrait at 4 months, we really should consider doing one now. \$50 session fee

**Smiles:** By the time your baby is 4 months old, we are able to capture those precious fleeting expressions as they giggle and coo. This is a great time to include images in their christening gown as well as the famous bare-bottom poses. Please bring a favorite blankie and rattle. It's also a good time to do your first formal family portrait. \$50 session fee

**First Year:** How fast time flies. Can you believe it's their first birthday already? What a milestone. Bring a small birthday cake and birthday hat to this session for a great storyboard memento of this day! This is usually the last of the 'nudie' poses that we do. \$50 session fee

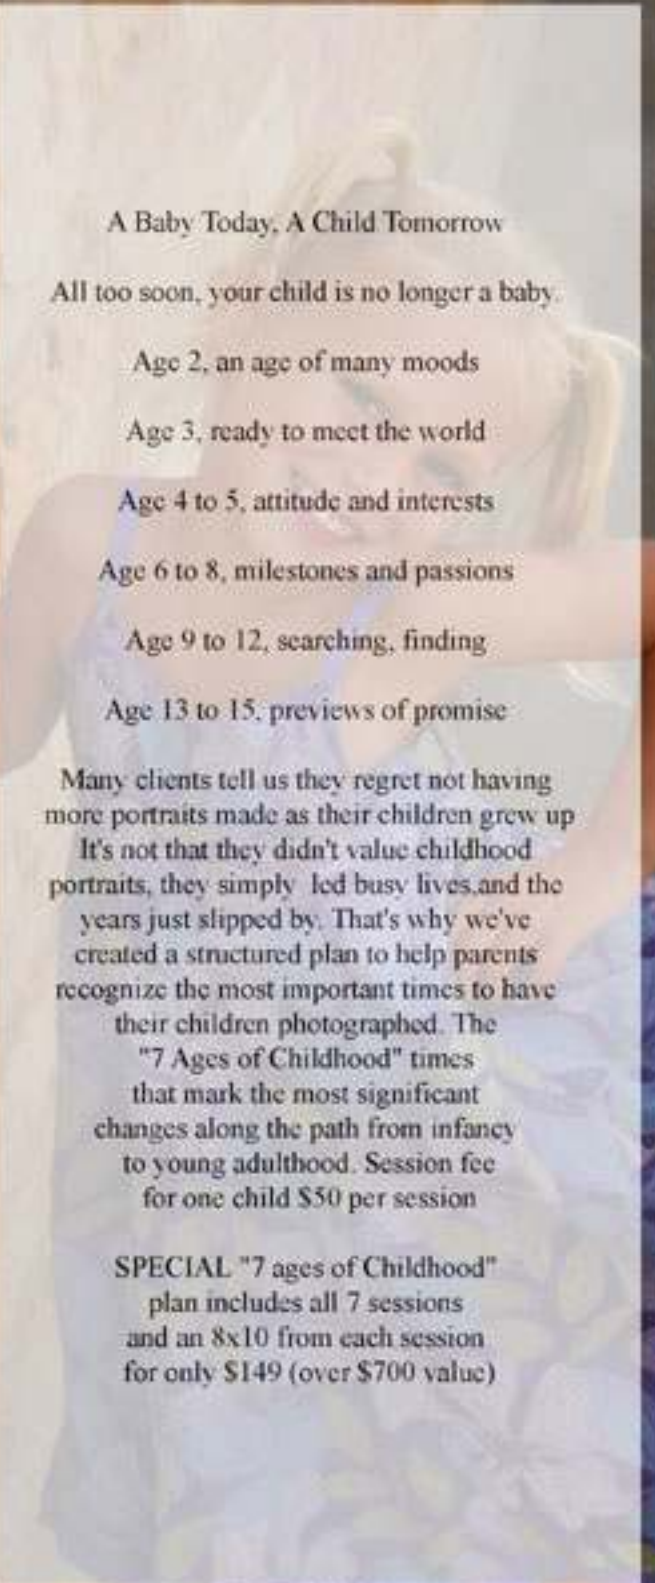

## Baby Plans

**Deluxe:** Our Deluxe plan includes 4 of the sessions listed with an 8x10 from each session. You will receive a 10% discount on your portrait purchases and a FREE portrait diaper bag or piece of jewelry after your Miniature Perfection Session. Of course, online proofing is still included as well as FREE shipping for your friends and families orders. Just \$249 will give you this unique opportunity to save on all of your child's first portrait needs. (over \$950 value)  
**SPECIAL!** We are now including all five sessions at no additional charge with this package

**Something Special:** Sessions include your choice of 4 sessions with a 5x7 from each session and online proofing. After the last session we will also include a storyboard (12x24) including images from each session. Your portrait discount for this plan is 10%. Only \$169 (over a \$650 value)

**Basic:** Includes your choice of 3 sessions with online proofing. With this plan you will receive a 5% discount on all of your portrait purchase during the first year. Only \$99 (over a \$150 value)

A Baby Today, A Child Tomorrow

All too soon, your child is no longer a baby.

Age 2, an age of many moods

Age 3, ready to meet the world

Age 4 to 5, attitude and interests

Age 6 to 8, milestones and passions

Age 9 to 12, searching, finding

Age 13 to 15, previews of promise

Many clients tell us they regret not having more portraits made as their children grew up.

It's not that they didn't value childhood portraits, they simply led busy lives, and the years just slipped by. That's why we've created a structured plan to help parents recognize the most important times to have their children photographed. The

"7 Ages of Childhood" times that mark the most significant changes along the path from infancy to young adulthood. Session fee for one child \$50 per session

**SPECIAL "7 ages of Childhood"** plan includes all 7 sessions and an 8x10 from each session for only \$149 (over \$700 value)
