

## Album Details

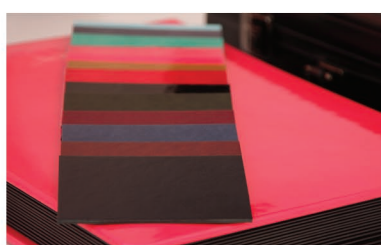

I have carefully selected a range of albums and books that I feel will complement your photographs. However I can source alternatives, so if you have something else in mind just ask.

### Ultimate Album

Handmade in Italy by an Italian family, a real quality album with taped edged pages and metal corners. Double cut mounts with contrasting core to really set off the images.

Available in a wide range of covers from classic black, brown & burgundy leather styles to the outrageous Luscious Pink and Jazzy Jade. Alternatively a linen cover in a range of colours or even have one of your images printed onto the cover.

A wide range of overlays, plus bespoke service, allows a great deal of flexibility with album design. One large image or multiple smaller images on each page. Alternatively combine these with a montage of images similar to a "Story Book" album.

Each album comes complete with a dust bag within an attache case or presentation box.
