

What to Expect

Before your session, we will discuss what you want to achieve during your session and ideas you have about the look & feel of your images.

This information will help me to prepare a location, session time and props that will meet your family's needs and will work together to make beautiful images for your home.

At your session, you can expect individualized attention and a fun experience for everyone!

I will aim to capture your unique family dynamic and the different personalities of each member.

After your session, your images will be ready for viewing after one week at a personal ordering session where you can view samples of available products and see the range of possibilities for your prints.

After your order is placed, you will leave with a beautiful set of edited 4x6 keepsake proofs and a set of web-sized digital images to share online with family & friends.
