BAMBINI PRODUCT PORTFOLIO

Product Portfolio

Thank you for selecting us as your official Newborn/Baby photographers. Nothing gives us greater pleasure than knowing that some of the images we've captured for you will be displayed on your walls for years to come.

All of our products are made specifically to order and are high-end, luxury, bespoke items that are not available on the high street.

Our goal is to help you to display your images to their very best. We have developed a framing system in our studio, allowing you to select frames, mounts according to your taste and style.

We do, of course, sell individual and packages of prints. However, as you have entrusted us to capture a precious moment in time, we would also ask you to trust us when recommending a piece of Wall Art to best display your images. While you might think it is easier and cheaper to do this yourselves, you will not find such eye-catching and impactful products—or be able to guarantee their quality to ensure durability—on the high street.

We have an extensive range of products available in the studio and samples for you to view any time.

"We had an amazing time when Suzanne came to photograph our beautiful baby Leah.

She was so kind and friendly, and so patient and gentle with her. She took some fantastic shots that we will treasure forever.

We couldn't have asked for a better experience".
