## Our Unique Service

Craig Derrick Photography Ltd provide a wedding photography service that is unique and affordable from start to finish. We have two photographers that means we can cover moments that may otherwise be missed e.g both Bride and Groom morning preparation. Our candid style of photography for your special day ensures we capture those moments that as the bride and groom, family and guests, you may miss whilst enjoying your whirlwind, romantic day. Along with the candid style we also ensure you have those necessary fun but formal photos that will take pride in your photo album and in your marital home. Before deciding if we are the right style of wedding photographer for you we always meet up with you to discuss your requirements, likes, dislikes and of course the budget you can afford. We know all too well just how expensive organising a wedding can be.

## Post Wedding

Within 3 days of your wedding day we upload ALL the edited images we have taken as an on-line album for you, your family and guests to view and enjoy - none of this waiting weeks to see your photos. We also provide all your photos as Full Reproductive Copyright Images on Disc for you to use as you see fit. We can recommend on-line companies that we use regularly to create stunning "Thank You" cards, photo albums, enlarged prints and canvases that suit you, your needs and your budget at a fraction of the cost using our images we have provided on disc.

## Cost

**Our service is bespoke, professional, friendly, affordable and unique to you - no wedding, bride or groom are the same and this is reflected in the stunning images we provide to capture your magical day. The cost of our wedding photography service starts at £750 and a £150 non-refundable deposit is required to secure you booking once we have met with you to discuss your requirements.**

## Examples And Feedback

Please view our Gallery to see examples of our style of Wedding Photography. Wendy and Martin Lewis comments/feedback below completely summarise the service we thoroughly enjoyed providing them. This lovely couple run a successful event organising business and we now work very closely with them providing regular event photography to enhance the professional corporate events they organise.

Cheryl Harris commented on our service in Aug 2012 saying:

"We booked Craig and Katrina to photograph our wedding (August 2012) about six months in advance. They arranged a meeting with us about three months before the wedding so we could all meet face to face, discuss what we wanted from them and for us to learn a bit more about how they operate. My husband and I are both very camera shy so this meeting was essential for us as it helped us feel comfortable with both Craig and Katrina, and provided us with clear ideas of how the photography would work on the day - we preferred to have natural looking images rather than lots of posed shots. In the run up to the wedding, we had lots of communication with them and felt welcome to ask as many questions as we wanted to - I even got some invaluable advice from Katrina about wedding make-up! On the day, they put us both at ease which was really appreciated. During the ceremony, Craig was unobtrusive and afterwards, Katrina was so wonderful at organising our guests for group shots that someone even asked if she was my wedding planner! Their friendly and informal manner perfectly suited the relaxed style of our wedding, they got on well with our guests without ever getting in the way and we had lots of positive comments about them on the day and afterwards. The photos were available for us to view on the Wednesday after our (Saturday) wedding and they have even given us more great advice about how best to use and produce our photos. All in all, I wouldn't hesitate to recommend their services - Craig and Katrina are a lovely, friendly and professional couple who really helped make our day just that bit more special."
