# THE CARAVAGGIO COVERAGE

Our ultimate statement of luxury and style, the Caravaggio Coverage has been introduced for those couples who would like the best of everything! The Coverage begins a few weeks prior to the Wedding, when our photographer will invite you to an informal Portrait Session. This is designed to steady the nerves on your big day, as by then you'll be used to our cameras! You will receive a disc of the finished images from this session with our compliments.

On your Wedding Day, we will be available for as long as you would like us to attend. This is usually from the bridal preparations through to the first dance - by that stage we should have captured everything! Included also is a preview album of all the finished images, to help you make your choice for your hand-made, individually designed and boxed Wedding Album - the finest album that we offer! You needn't worry about the odd blemish or two on your special day either, as the Caravaggio Coverage includes all necessary image retouching! It's our aim to make you look fabulous!

The finished images will be uploaded onto our password protected website so that invited guests may view and order prints from the comfort of their own home, but you will also receive a High Resolution copyright-free disc of all the finished images, licensed for your own use.

# THE RAPHAEL COVERAGE

The Raphael Coverage is perfect for those couples who require their images to be presented on a disc rather than in an album.

Once again, the photography begins with the bridal preparations through to the First Dance - basically we're covering your day until we're no longer needed!

The finished images will be uploaded to our secure website for viewing and ordering by you and your selected family and guests.

Although the Raphael Coverage does not include a main Wedding Album, we do supply a preview album to compliment the digital files. This means that you can still show people your beautiful photographs even if they don't have access to a computer or the internet! A delightful reminder of a fantastic day!

The Raphael Coverage also includes a pre-wedding shoot with complimentary disc of the finished images. This should help put you at ease on the day, safe in the knowledge that you have already been photographed professionally and survived!!

# ABOUT OUR PHOTOGRAPHERS

**Andy Robinson CrGWP:** J&A's Principal Wedding Photographer for a number of years now, Andy's relaxed style is very much in demand and we are delighted that the majority of J&A Weddings will be covered by him. Andy is a member of the Guild of Wedding Photographers and one of only seventeen people to have achieved 'Craftsman' status within the Guild - one of only two 'Wedding Craftsman' in the West Country. In 2012/13 Andy was named as one of the country's Top Two Wedding Photographers of 2012 by the Guild of Wedding Photographers - a real honour and we are really proud of his achievement!

**Andy's style:** Andy loves photographing weddings and it really shows! He prefers to observe and react to wedding events as they unfold, but will organise the Family Groups as necessary and is experienced enough to realise that great pictures don't just happen! People generally need a bit of help to relax, so don't worry if you think that you're not 'model material', Andy is used to putting people at ease and will help you to enjoy your most special day!!

Andy photographs weddings all over the country and abroad but only ever undertakes a maximum of twenty Weddings a year, in order to stay fresh and enthusiastic. He is married with two children and a very old cat!

**Robin Mellor CrGPP:** If Andy is already booked, or there is a need for two photographers, then J&A turn to Robin! He has been a photographer for a long time and has been photographing weddings for almost 10 years. He is an Associate of the Royal Photographic Society and a Craftsman of the Guild of Professional Photographers. Passionate about photography, Robin aims to work with you to capture the magic of your special day in photographs that will bring back memories for many years to come. Examples of his work may be found at [www.quillstring.co.uk](http://www.quillstring.co.uk).

**Robin's style:** Very similar in his approach to Andy's! This is why we trust him to produce the quality of work that J&A are known for and he knows that we give him free reign to produce what he feels are the best shots!

# WHAT'S NEXT ?

*How to proceed...*

So you've read this brochure, visited our website [www.jandacameras.co.uk](http://www.jandacameras.co.uk) and hopefully decided that you'd like J&A to photograph your Wedding - what do you do now?

Well, the most important thing is to contact us and check that your date is available. If it is, fantastic!

Next, we arrange a meeting and talk through exactly the kind of photographs you'd like for your Wedding and which of our Coverages would be most suitable. Once this has been established, then we just require a £200 booking fee, which holds the date and hooray! - You've booked us!!

The next few months (or years in some cases) will fly by, but you can consult with us at any time - we really do want to make your Wedding Day the best it can possibly be! Now you can relax - the hard part is over!! Thank You!
