**All packages for 2009 & 2010 will include the following as standard features**

- At least one meeting at your home to discuss (within 60 miles of Swansea), the various styles of photography that I can offer you from traditional to reportage to documentary. Printing and print options along with the different styles and sizes of albums that are available to you. During the meeting I usually go through the “essential shots”, relevant times on the day and the different styles of photography. Other meetings might take place after your wedding day where we will go through the print, album, slideshows and all of the other products available to you. Also included in every package that I offer is an unlimited amount of email communication as well as any telephone calls after your booking has been confirmed.
- Travel to and from your home or convenient location (up to 60 miles from Swansea). This includes any meetings that may take place before your wedding. (Many photographers will charge you up to £0.40 per mile travelling allowance after 25 - 30 miles). I am also available for a limited amount of commissions around the UK and Internationally.
- I am one of the very few photographers that offer as standard a 12 hour shoot. This is where I differentiate myself from many other photographers who will charge you by the hour after they have already charged you for photographing the ceremony and the cutting of the cake. On a full day shoot my day might start from early in the morning as you prepare for the day ahead, up to and including the first dance in the evening. I will be there for the duration of the day and the bulk of the evening to record all of the memorable moments. For your convenience I also offer a 6 hour coverage option. Even on these shorter commissions there are still many more photo opportunities that I offer over and above my competitors. There will not be any rushing of photos - and if the day is running late then we can continue on a full day shoot in a relaxed manner after your wedding breakfast and speeches are over. Traditional and group shots, speeches, cutting of the cake, candid shots of your guests - nothing will be missed. Many photographers will only make themselves available up to the speeches and could charge you as much as £75 per hour to return to do an evening shoot. All my prices are up front - there are no hidden extras.
- Prices will be fixed once a booking fee has been received (£200) and your **complete package is confirmed on the booking form.** There are no hidden charges no matter how long you book in advance.
- Your images will be made available to you, your family and friends from you own online gallery that can be password protected (for 2 months). This online gallery will be available for 1 year after your images are uploaded. In addition to this online facility you will also have 2 DVD's with all of your images in low resolution jpeg format. This is an ideal way for you to proof the images that will eventually form part of your album or print package. These images will have been colour balanced and sharpened accordingly in relation to their file size. They can also easily be emailed or uploaded to the web.

**All packages for 2009 & 2010 will include the following as standard features (Contd)**

- Family and friends can order prints directly from your online gallery and pay online by credit or debit card via PayPal. Any prints ordered will be delivered direct to their home. This will save you time and effort.
- **ALL IMAGES** taken during the day and evening will be supplied in high resolution jpeg file on DVD's. They will all be colour balanced and possibly cropped as necessary. Typically this amounts to around 400 - 500 on a full day shoot and around 300 on shorter commissions. Again many photographers will charge you as much as £500 on top of your package for this service or will only supply a limited amount of images in low resolution or on slideshow. The images supplied will be yours to keep. Each DVD comes with its own usage licence which permits home use for copying and printing.
- Printing, distribution and copying for financial gain is strictly prohibited. If you wish to display any image on the web then all I ask is that you highlight my name as the originator of the image/s being used.
- A further DVD of 100 images - again in high resolution jpeg file that have been selected by you as your favourite images. These will be further corrected, cropped and generally enhanced - for hue, saturation, brightness and exposure. These are the images that will eventually form part of your album, print package or slideshow.
- ***Complimentary 16" x 12" (Portrait or Landscape) 1" deep canvas print worth £88 with every 6 hour coverage option booked. Option to upgrade size.***
- ***Complimentary 28" x 20" (Portrait or Landscape) 1" deep canvas print worth £188 with every 12 hour coverage option booked. Option to upgrade size.***

## How Much Will My Package Cost

- I try to keep my packages as simple and as straightforward as possible. I offer my clients a professional service at a very affordable price. Essentially packages are made up of two parts: -
  1. Coverage
  2. Album or Prints, or a mix of both
- By choosing one of the coverage options (Digital Collection - 6 hours, Full Day - up to 12 hours) and adding to that the cost of an album you will arrive at the total cost of your album package, or if you want to keep things simple then you may choose from just one of the coverage options. Every service, package or product I offer is designed to be flexible and competitively priced - it really does not matter if you have a budget of £650 or £3000. Together my packages offer you total flexibility and value for your money and in the unlikelihood of you not seeing the exact combination that you require then just let me know. Together we will design a package that is totally unique to you and at the right price!

### **The Digital Collection (6 Hours Coverage) - £650**

- Includes all of my standard features. This package allows for an extra amount of time to shoot at maybe another location from your venue. Coverage can start from wherever you choose but may start from the brides home through to the cutting of the cake or even the first dance depending on what time the ceremony starts. *A complimentary 16" x 12" (Portrait or Landscape) 1" deep canvas print worth £88 with every 6 hour coverage booked.*

### **The Digital Collection (Up to 12 Hours Coverage) - £860**

- This is undoubtedly the most popular coverage option chosen by my clients. It includes all of my standard features - all day and evening coverage up to and including the first dance. You get complete coverage from the bridal preparations in the morning right up to the first dance in the evening (No later than 21:00 hours). This option allows many more photo opportunities throughout the day and evening. It also allows me the opportunity to capture the fantastic colours that the evening brings as well as when many new guests start to arrive for the evening celebrations. (HIGHLY RECOMMENDED). *A complimentary 28" x 20" (Portrait or Landscape) 1" deep canvas print worth £188 with every 12 hour coverage booked.*

## Bellissimo Book Bound Albums (Handcrafted in the UK)

Welcome to the stimulating, luxurious and stylish range of book bound albums

These are handcrafted and British made. The quality and feel of these albums is truly outstanding - viewing is highly recommended. The Bellissimo range of Digital storybook wedding album pages are manufactured in traditional silver process giving you complete confidence in the albums durability.

## The Artemis Range Of Albums

This range fulfils the need for a simpler, yet equally stunning range of albums. Artemis is designed for the smaller wedding or event. This range is produced in a professional laboratory for that exacting finish. The range of albums is made up of the Delos and the mini Delos album

### Delos

These luxurious albums are designed to take 10" x 10" prints and are supplied with the option of 10 or 15 pages (20 or 30 sides). The prints are mounted in a professional laboratory and are available in lustre or gloss finish. There is a small aperture on the front cover to place an image of your choice. You can also have your names embossed vertically on the cover at **no** extra cost.

### The Delos Range 10" x 10"

10 pages (20 sides)	£320 (album colour - black)
15 pages (30 sides)	£360 (album colour - black)

### Delos Mini

Mini albums are the ideal solution to compliment your main album. These albums are extremely popular. They offer a unique, pocket size memory of your special day.

I offer two different sizes of this mini album catering for the square or portrait formats. The approximate print sizes are 3" x 3" or 3.25" x 2.25". There are 6 pages including inside front and inside back cover giving you an impressive 14 sides to display your most important images of the day. Prints are available in gloss or lustre. These mini albums are supplied in packs of 4.

### Delos Mini Albums

Square format (x4)	£150 (album colour – black)
Upright format (x4)	£150 (album colour – black)

Just add the price of your album to the coverage option to get the total cost of your package

## Mini Albums

My mini albums have been designed to be offered as a standalone product or as a compliment to the Bellissimo and Artemis range of albums. Mini albums are an ideal keepsake and serve as a stylish reminder of your wedding, portrait session, prom night or commercial shoot.

These albums are digitally press printed, complimenting my range of photographic albums beautifully. Each album is "perfect bound" which means they are glued at the spine giving durability and longevity. You can order up to 40 pages per album giving you an impressive 80 sides. The albums come in packs of 9 using the same design throughout. They are available in three popular sizes which are in proportion to their Bellissimo counterparts.

You can order these mini albums as an individual product. The sizes available are: -

5.25" x 3.75" Landscape (x9)	£250
5.25" x 3.75" Portrait (x9)	£250
4.24" x 4.25" Square (x9)	£250

Just add the price of your album to the coverage option to get the total cost of your package

## Coffee Table Albums

My digitally press printed Coffee Table albums are ideal for presenting your images in a thoroughly contemporary style.

The pages are printed on satin coated 170 gsm paper on both sides and are stitched together providing a sturdy and durable finish. The hardback cover is photographically printed and gloss laminated.

The Coffee Table books are perfect bound and are available in many different sizes (Page 10 for sizes and prices) You can order from as little as 10 pages (20 sides) up to a massive 80 pages (160 sides).

The prices on these truly amazing albums are astonishing and for clients wishing to order two albums that are exactly the same (size & layout) I can offer the second copy at 50% discount. Both albums must be ordered within two weeks of your booking being made. (This offer may be withdrawn without notice).

These albums are available in Portrait Style and Landscape for the sizes shown on page 10.

### Proportion Guide

When you've designed your book, you can then downsize it using the guide below: -

14" x 10" - 7" x 5"

12" x 12" - 10" x 10" - 6" x 6"

## F.A.Q.'s

### What photographic work do you undertake?

I undertake many different aspects of photographic work. I am equally at home in front of the happy couple as I am with commercial clients. I am happy to cover all sizes of weddings, faiths, civil partnerships and any commercial shoot.

### How soon should we book you as our wedding photographer?

The simple answer to that is the sooner the better. I currently have bookings 2 years in advance.

### Do you shoot more than one wedding per day?

Absolutely not! I shoot no more than one wedding per day. By doing this you can be assured that you will always be getting 100% of my time and attention. It is the service you deserve and have paid for.

### How many pictures will you shoot on the day?

Typically I shoot around 1200 or so images in a full day. I then select approximately 400 - 450 of these for a full day shoot and around 200 - 250 proofing purposes and online viewing. These are the images that you will get on your DVD's and CD's. They will have basic corrections done to them in order that they will print out straight away without you having to do any work. When selecting your 100 images for your album - then these are usually further enhanced - either by selective cropping, or colour enhancement, B & W, Sepia, or small distractions being removed etc.

### Why is wedding photography so expensive?

I consider my prices to be very fair and extremely competitive and offer you real value for money. But of all the costs involved in planning a wedding, photography is one item you should not be prepared to compromise on. The day moves along at a rapid pace. Champagne gets drunk, cakes get eaten, friendships are made and the honeymoon is fantastic, but usually lasts 2 weeks or less. Your images and wedding album will be with you forever, giving you, your family and friends pleasure for generations to come.

### What is meant by traditional, Reportage and Candid photography

Traditional - Classically posed shots of groups and individuals.

Reportage - Shots that are set up but appear relaxed.

Candid - The subject is unaware that the photograph is being taken.

Photo Journalistic - Same as candid

### What is your photographic style?

I use a mix of all three styles. This allows me to achieve a striking variation in the photographs which when put together in a wedding album create a story of your day, capturing all the emotions and events. However If you wanted me to shoot in one style then I would be happy to accommodate you with your request. Remember this is your day. Please do not hesitate to tell me exactly what you are looking for, or, if you are not sure then let me guide you through the various styles that are available to you.

### Do you take formal shots?

Yes, I will happily photograph groups of friends or family with the bride and groom. What I would ask is that I have some assistance from an usher or best man in helping me get everyone together. I recommend that you not have more than 8 groups to photograph as well.

### Do you have samples of your work that I can see?

I have a superb range of albums filled with images from previous weddings that will give you a true feel for my style of photography as well as showing you the fantastic range of British manufactured albums that I can offer you. I also have a large portfolio of prints that I am able to show you when we meet.

### What if it rains on our wedding day?

The one thing that you cannot arrange is the weather. I have been taking images for many years in all sorts of weather and all year round. I will always provide you with a result that any couple, or client would be proud of.

## F.A.Q.'s Continued

### **Will you copyright the images you take at our wedding or commercial shoot?**

You own your wedding photographs. The prints that you have are yours to keep. Also the DVD's or CD are yours to keep. After all this is what you paid for. The copyright of my images does not allow you to charge for them by means of copying, or using them for financial exchange, gain or exhibition work. I am happy for you to display any images on the web but you must first obtain my permission as well as displaying my name as the originator of your images on your site.

### **Presentation.**

All the selected prints that you choose will be digitally enhanced to bring out the best in each image. Additionally **and at extra cost**, photographs can be digitally manipulated to remove blemishes, remove objects and also create special effects. All images are available in colour, black & white, sepia and other tones at no extra cost to you.

### **Do you shoot colour or black & white?**

I shoot in colour but you can choose any image and I will convert it to black & white, sepia or selective colouring at **no extra cost**.

### **After the wedding what happens next?**

I then alter basic colour settings and send out proof images on 2 CD's as well as uploading your images onto my web site in your very own gallery. This is usually done within 7 - 10 working days after your wedding, or in the busy months of May, July and August this may run to 15 working days. When using the online facility you will have your own personal viewing gallery that can be password protected **AT NO XTRA COST**. Your gallery will be available for at least 1 year after the images have been uploaded. Friends and relatives who have the password are free to order prints online. After 8 weeks the password protection is then taken off.

I have found that by far the easiest and best way of proofing images is by having a low resolution set of images on CD. As standard I will produce for you 2 CD's of all your images in low res jpeg file. Previous clients have said how much easier it is to proof an image from a CD rather than online. It is certainly less time consuming. However if many friends or relatives wish to view your images and order prints directly for themselves then online proofing has a distinct advantage over other means. Typically proof images only have basic colour correction or exposure adjustments made to them. Should any of your guests wish to purchase prints they can do so directly from within your gallery.

### **What are the advantages of the different types of proofing?**

There are several proofing options available: prints, CDs/DVDs, and web proofing. Prints as proofs can come in either a presentation box or an album or simply loose. The advantage of the print as a proof is that you can physically feel and handle each image and sort them into groups. CD and DVD proofing allows you to view images on your computer. In my opinion this is by far the best way of viewing images and I would recommend this way to any Bride and Groom. Web proofing is being offered by many photographers including myself and viewing by friends and family from across the World is now a reality.

### **How long do you keep images of our wedding or commission?**

I keep all images for an indefinite period of time subject to any hardware or disc failures etc. I store all of your images on two external hard drives and then back this up to DVD's held in two different locations. That way if you ever lost any prints or wanted reprints you can be assured that I will have them to hand.

### **Wedding Albums**

I currently supply a superb range of quality British manufactured book bound and press printed coffee style albums. With the book bound versions each image is bound into every page. I have a large album portfolio of my work to demonstrate the quality offered from my suppliers.

## F.A.Q.'s Continued

### **Who chooses the images that will eventually fit into our album?**

You will have full control over which images will go into your album. As the album is designed you will be able to see each page within my web site and can make any alterations until you are entirely satisfied with the final layout. When you are totally satisfied with your layout then that is when the album is ordered - and not a moment before.

### **Can we make changes to our wedding package?**

Absolutely! You can alter any aspect of your day right up to the big day itself. I am here to make sure that it all goes smoothly for you. Please don't be afraid to ask. If you want to upgrade your package all you would do is pay the difference at the price ruling when you decide to change. If you wanted to downgrade and you had already paid your money in full - I will happily refund you the difference ruling at the time of placing your order.

### **Do you have insurance?**

Yes. I am fully insured for both public liability and Indemnity.

### **Can you supply thank you cards?**

Yes. You can select an image from your wedding day for me to get printed onto your thank you card. Envelopes are also supplied.

### **Who will be the photographer at our wedding, function or commercial shoot and who will look after the developing of our images?**

Your wedding, function or commercial shoot will be photographed by Nigel Pullen as well as any corrections made and developing of images. This ensures that you get the very best attention before, during and after the commission.

### **What if my wedding or other commission is not in Swansea?**

Again that is not a problem. All prices quoted include travel from Swansea to your location within 60 miles. If the location extends further afield then an additional charge will apply. Again I would be happy to discuss any individual package that you require to suit your budget.

### **What do you wear to weddings?**

I normally wear a black corporate polo shirt along with black trousers and black shoes and a smart jacket in inclement weather. By dressing this way - ties and suit jackets etc do not get caught up in any of my camera straps or other photographic equipment that may be on my person or in close proximity to me. I also have a range of suits should you wish me to wear something formal.

### **What kind of photographic equipment do you use?**

I shoot only with Canon professional digital cameras along with Canon L series lenses and Canon 580EX flash guns along with full professional and portable video lighting for those creative shots. All my compact flash cards that I use to capture your images are SanDisk Extreme 1V along with SanDisk recovery software which allows me to access most images already taken if a card becomes corrupt on the day (a rare occurrence with professional storage cards), but in the unlikely event of this happening I have safeguards built in.

### **Who does your printing?**

All of my printing work is done by Loxley. They are a multi award winning professional imaging laboratory and market leaders in a progressively changing industry. They have built up their reputation through enhancing modern technology and listening to their clients.

## F.A.Q.'s Continued

### **Do you produce slideshow DVD's and can these be viewed around the World?**

I produce professional slideshows to music that can be viewed in 4:3 or 16:9 format and can be produced in NTSC or PAL format for viewing around the World. The slideshows allow me to zoom or pan into each image and last approximately 15 - 20 minutes depending on how many slides there are along with transition times between each slide.

### **How long will it take to produce my album?**

Lead time on albums is around 2 weeks from final confirmation of order and prints around 1 week.

### **Are you a member of any recognised associations?**

Yes. I am member of The Society of Wedding and Portrait Photographers (SWPP). The British Institute of Professional Photographers (BIPP) and The Bureau of Freelance Photographers. I am always professional in my approach, and as such I feel you should know that I am a member of professional organisations such as SWPP & BIPP where each member is strictly bound by the rules of their membership. Links to their web sites can be found in my links section.

### **Do you work all year round?**

Absolutely!

### **Can guests order reprints after the wedding?**

Yes. Guests can order any prints from those within your personal gallery providing they have your password. Prices are explained in my packages and prices section.

### **What if I need to change the date or even cancel?**

Details of cancelations or change of date are explained in my terms and conditions. These are available on request and can be emailed to you.

### **Do I need to arrange food for you?**

Working most weddings for an average of 10 - 12 hours is pretty hard work. I would appreciate some hot food and a quiet corner when you are also eating. Usually I do not photograph people when they are eating but am always ready for those impromptu moments should any arise when your guests are sat down.

### **Do you have a contract?**

I have a simple contract which ensures there is no misunderstanding between the client and photographer on the agreed terms and conditions. An often overlooked aspect of planning a wedding is wedding insurance. I do recommend that you take out insurance. These days it is a very cheap insurance policy to take out and I recommend this to you. Here are some useful contact details: Marks & Spencer - 0800 3165985, Weddingplan - 0870 7744055, Debenhams - 0870 7744196

### **How do I make an appointment to discuss my wedding or commission?**

I am very happy to meet up with you most evenings between 6:00pm and 8:00pm, or at weekends if time allows between 10am and 3pm. I can be contacted personally on **07807 190783** during the day and on **01792 797880** during most evenings. Please do leave a message if I do not answer and I will get back to you the same day.

## Canvas Wraps

The canvas wrap is a best seller and a firm favourite with many of my clients. The wrap will sit perfectly on any wall in any room and the options are endless. We print on real woven canvas without plastic coatings and then custom hand stretch over a strong anti-warping stretcher frame. We print and frame combining high quality digital canvas printing at a great price. You get free red eye and blemish reduction, free conversion to black and white, and free fixings too.

Each canvas comes with wedges and its own fixings. Wedges are important for the stretch! Many companies do not use them to cut down on costs but we are proud to use them in order to provide you with the benefits of being able to maintain your canvas correctly.

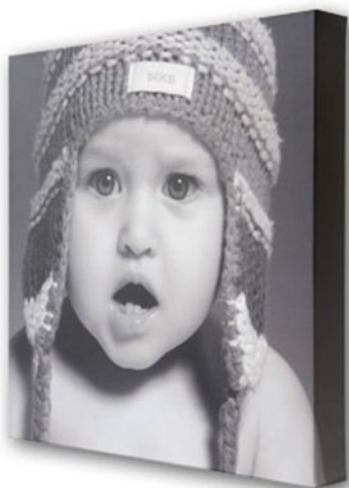

Our most popular finish is on the 1" deep frame but we also make 1.75" deep. For a modern chic look, the canvas is stretched around a laminated pine stretcher bar frame. All our canvases come with free wall fixings.

Thinking about getting a really large canvas print done? We can print up to 1.4 mtrs high and as wide as you like! A canvas this size really is spectacular. We can give great print prices and quality - fast!

## The Gallery Prints

Gallery prints are the perfect way to display your larger images giving the effect that they are floating just off the surface of your wall.

There are no visible fixings and the prints are mounted edge to edge on 10mm white foamex. They are fixed to the wall using unobtrusive wooden battens. The batons are supplied already fixed with the finished product and the prints are laminated and sealed with an attractive satin finish.

## Press Printed Preview Books

My digitally press printed preview books offer a keenly priced option for you images. Both hardback and soft back versions offer fantastic value for money for proofing your images or just showcasing them. The books are perfect bound (as my coffee books) and are sized at approximately 10" x 8". The fixed cover is laminated for durability.

These books can hold up to 700 image files and are printed on both sides. Each side of every page holds 6 images. The page finish is satin coated 170 gsm paper. Covers are satin coated 300 gsm with a gloss laminate for protection and longevity.

### Pricing

Up to 300	£125	£170
Up to 700	£150	£195

## Prints, Composite Prints, Framed Prints

I will print, mount and laminate your chosen image in one of many frame mouldings and in a choice of many different print layouts. Because of the vast amount of choice that you have when choosing a mounted or framed print prices can be discussed when you are ready to select your style of frame and type of print – lustre, high gloss, metallic etc. I have listed some price examples of print only, mounted and printed and composite mounted prints.

	<b>Prints</b>	<b>Mounted &amp; Printed</b>
<b>7 ½" x 5"</b>	<b>£4.00</b>	
<b>8" x 6"</b>	<b>£4.95</b>	
<b>9" x 6"</b>	<b>£5.95</b>	<b>£12.50</b>
<b>10" x 8"</b>	<b>£9.00</b>	<b>£20.95</b>
<b>12" x 8"</b>	<b>£12.00</b>	<b>£21.95</b>
<b>12" x 10"</b>	<b>£13.00</b>	<b>£25.00</b>
<b>15" x 12"</b>	<b>£17.00</b>	<b>£28.95</b>
<b>18" x 12"</b>	<b>£21.00</b>	<b>£34.25</b>
<b>20" x 16"</b>	<b>£24.00</b>	<b>£40.00</b>
<b>24" x 20</b>	<b>£35.00</b>	<b>£60.00</b>
<b>30" x 24"</b>	<b>£55.00</b>	<b>£85.00</b>

If you do not see the size of print that you would like then I would be happy to quote you accordingly out of a range of 60+ sizes. Frames can also be offered for most sizes of print. Some cropping may occur with certain sizes of print. This is because the full frame sensor of the camera produces an image that is equivalent to a 35mm format and will therefore not equate exactly to some of the sizes shown above.

## Composite Prints - Mounted & Printed

<b>10" x 15"</b>	<b>£35.00</b>
<b>10" x 30"</b>	<b>£55.00</b>
<b>16" x 20"</b>	<b>£75.00</b>
<b>20" x 24"</b>	<b>£100.00</b>
<b>30" x 20"</b>	<b>£150.00</b>

NB – All example prices shown in the prints section are based on a lustre finish and a minimum order quantity of 10 images (mixed sizes). For quantities of 10 or more prints of the same size please enquire for a price as a discount can be

## Mounting & Laminating

The way you finish and present your print is of paramount importance. Below is a small description of all the finishes available to you.

2000 micron card, 5mm foamboard, 10mm Foamboard, 3mm Foamex, 10mm Foamex, Satin/Matt Laminate, High Gloss Laminate, Leatherette Finish, Linen Finish, Canvas Bond.

The range of print sizes for mounting and laminating is staggering and cannot be covered completely within my price list. The size of print starts from 5" x 3.5" all the way up to 60" x 48".

### Definitions: -

2000 micron card – A smooth, white, coated card suitable for all print sizes.

Foam Board – Available in 5mm or 10mm thickness. Ideal for exhibition and display work.

Foamex – A tough alternative for mounting mainly exhibition work. The substrate is a tough pvc available in 3mm, 5mm, 10mm widths.

Laminating and canvassing options complete the finish of your print with your chosen texture.

High Gloss – Ideal for exhibition and studio makeover images.

Satin/Matt – A clear lustre finish bonded directly to your print

Leatherette – Available in Kidd or Crush, a great way to compliment your image.

Linen – A texture similar to that of a coarse linen fabric.

Canvas Bond – The print bonded onto artists canvas, heat sealed then mounted onto stretchers. Very popular with large portrait and wedding images. – Please note that canvas finishes may vary from time to time depending on different batches.

Replacement image kits are available for all sizes allowing you to refresh the images on a regular basis without having to order a complete new product.

## The Life Style Acrylic Range

This attractive range of 6 styles further compliments the acrylics range. This new range of acrylics is a must have for many households. Your chosen images are printed, laminated and mounted on the face of 15mm clear blocks and then bonded to a frosted acrylic back plate. All six options have aluminium studs in the corners and are fixed to the wall using a simple keyhole fixing on the back. This gives the appearance that the studs hold the product to the wall when in position.

**Metallic finish is available throughout the range.**
