WEDDING PHOTOGRAPHY

YOUR PERFECT DAY...

"Welcome to our Wedding Photography Brochure!

We hope that it will give you a flavour of how we at J&A Cameras can capture the special moments that make up the most joyful day of your life!

We cater for all types and sizes of Weddings and our style is both relaxed and informal - after all, it's your day, not a Photo-shoot!

Being a division of J&A Cameras Ltd - North Devon's premier photographic retailer, means that we have not only access to the latest technology in both cameras and lenses, but also all the benefits of dealing with a long established and highly-regarded local business. In practice, this means the reassurance of full public liability and professional indemnity insurance and even the ability to pay for any photography with your credit card!!

Please read on and allow us to show you the Wedding Packages that we offer...but don't forget that we can create something 'bespoke' if preferred - then the Photography can be as unique as you are!"

THE CARAVAGGIO COVERAGE

Our ultimate statement of luxury and style, the Caravaggio Coverage has been introduced for those couples who would like the best of everything!

The Caravaggio Coverage begins a few weeks prior to the Wedding when our photographer, Andy will invite you to an informal portrait session. This is designed to steady the nerves on your big day, as by then you'll be used to our cameras!

From this session you will be able to download the printable digital files, which are accessed from your own password-protected online gallery.

On your Wedding Day, Andy will be available for as long as you would like him to attend. This is usually from the bridal preparations through to the first dance - by that stage he should have captured everything to his satisfaction! Once edited, the finished images will be available to view on your private online gallery. This is a great way of sharing the pictures with friends and family and it will also help you to choose the images needed for your Wedding album.

The album is an exquisite hand-produced 12"x16" Storybook style, housed in a beautiful wooden presentation box - the finest album that we offer! Andy will aim to provide around 450 finished images of your Wedding and these will be presented on a disc or USB pendrive. These files will have full printing rights, as well as a folder of 'web ready' files suitable for sharing on Social Media and the internet.

A Bespoke App consisting of your 50 favourite Wedding images will also be provided so you can easily view and show your photographs.

You needn't worry about the odd blemish or two on your special day either, as the Caravaggio Coverage includes all necessary image retouching! It's our aim to make you look fabulous!

THE RAPHAEL COVERAGE

The Raphael Coverage is perfect for those couples who require their images to be presented on a disc rather than in an album.

Once again, you will be invited to have a nerve-calming pre-wedding shoot with our photographer Andy. You will be able to download these finished images from your own password-protected online album.

On your Wedding day, the coverage will begin with the bridal preparations and carry on through to the First Dance - basically Andy will be photographing your day until he's no longer needed!

Your finished Wedding images will be presented to you on a disc or a USB pendrive, depending on which you would prefer. These files will have full printing rights, as well as a folder of 'web ready' files suitable for Social Media sharing and internet use. Andy will aim to provide around 450 finished images for you to enjoy!

You will also receive a Bespoke App featuring 50 of your favourite Wedding images so that you can easily view and show your photos on mobile devices or tablets.

You needn't worry about the odd blemish or two on your special day either, as the Raphael Coverage includes all necessary photo retouching! Our aim is to make you look fabulous!

ABOUT OUR PHOTOGRAPHER

Andy Robinson CrGWP: J&A's Principal Wedding Photographer for a number of years now, Andy's relaxed style is very much in demand and we are delighted that the majority of J&A Weddings will be covered by him. Andy is a member of the Guild of Wedding Photographers and one of only nineteen people to have achieved 'Craftsman' status within the Guild.

Since 2011 and including this year, Andy has consistently been placed in the Top Five of the Guild's 'Photographer of the Year' Competition. This is judged over a ten month period and attracts over 10,000 entries - so it's an indication of Andy's dedication and quality and we are really so proud of his achievements!

Andy's style: Andy loves photographing weddings and it really shows! He prefers to observe and document the events as they unfold, but will organise the Family Groups as necessary and is experienced enough to realise that great pictures don't just happen! People generally need a bit of help to relax, so don't worry if you think that you're not 'model material', Andy is used to putting people at ease and will help you to enjoy your most special day!!

Andy photographs weddings all over the country and abroad but only ever undertakes a maximum of twenty Weddings in any one year. This is in order to stay fresh and enthusiastic. He is married with two children and four guinea pigs!

WHAT'S NEXT ?

How to proceed...

So you've read this brochure, visited our website www.jandacameras.co.uk and hopefully decided that you'd like J&A to photograph your Wedding - what do you do now?

Well, the most important thing is to contact us and check that your date is available. If it is, fantastic!

Next, we arrange a meeting and talk through exactly the kind of photographs you'd like for your Wedding and which of our Coverages would be most suitable. Once this has been established, then we just require a £200 booking fee, which holds the date and hooray! - You've booked us!!

The next few months (or years in some cases) will fly by, but you can consult with us at any time - we really do want to make your Wedding Day the best it can possibly be!

Now you can relax - the hard part is over!!

Thank You!
